WORK EXPERIENCE

- Piexxi Technology LLP**  | **Web Development Intern - On-Site** May 2025 – Jul 2025
- Constructed the complete frontend of a web application using **React.js**, **Next.js**, and **Tailwind CSS** with CSR, improving development efficiency by **30%** through modular and reusable component design.
 - Conducted in-depth market research and successfully integrated critical third-party APIs including **Google OAuth** and **Meta for Developers**, enabling core product functionality and reducing manual workload by **20%**.
 - Orchestrated secure user authentication using **Firebase Auth** and deployed production-ready builds on a **cPanel** server for cross-platform testing and demonstration.
 - Coordinated closely with backend interns to debug API interactions, refine UX flows, and ensure consistent progress across the dev pipeline, resulting in **100%** milestone adherence.
- Valsco Technology**  | **Business Development Intern - On-Site** Aug 2023 – Oct 2023
- Conducted market research on India's legal-tech sector to identify product gaps, contributing to the design of a one-stop solution for legal documentation, advice, and case tracking.
 - Collaborated with fellow BDE interns to propose a sustainable **freemium pricing model**, defining feature sets for both free and premium tiers to support long-term monetization.
 - Contributed to crafting the investor pitch deck for **Jurident**, which was presented to **4+** potential investors to showcase the platform's value proposition and market fit.
 - Identified and documented **5+** government-backed grant schemes aligned with the startup's mission to improve affordable legal access across India.

PROJECTS

- PrepAire**  | *Next.js, React.js, Tailwind CSS, Shadcn UI, Neon, Clerk, Inngest, Stripe* Jun 2025 – Jul 2025
- Built an AI-powered career coaching platform using **React.js**, **Tailwind CSS**, and **Shadcn UI**, optimizing performance and reducing frontend load time by **25%** through responsive design.
 - Implemented user authentication and session handling with **Clerk**, and managed structured data in **Neon (PostgreSQL)** using secure SQL queries, reducing authentication-related errors by **20%**.
 - Enabled real-time subscription billing and premium access control by integrating **Stripe** and orchestrating background workflows with **Inngest**.
- Chatify**  | *MERN, Tailwind CSS, Socket.io, Daisy UI, JWT* Feb 2025 – Apr 2025
- Developed a real-time chat app using **React.js** and **Socket.io** with a responsive UI built using **Tailwind CSS**, **Framer Motion**, and **32** themes via **DaisyUI**.
 - Optimized **MongoDB** for **20%** faster queries and scalable storage, while building efficient RESTful APIs using **Express.js** and **Node.js** to handle real-time message routing and database communication.
 - Integrated secure JWT-based authentication and session management, reducing unauthorized access incidents by **30%** and enhancing user data protection.

EXTRACURRICULAR

- Entrepreneurship Cell, VIT, Vellore** | **Director of Marketing** Jul 2024 – Jun 2025
- Directed **E-Summit'25**, VIT's flagship entrepreneurship event with **4,000+** attendees; drove social media, branding, and offline visibility through **zero-budget organic marketing**.
